Hey Karl -

Sorry for not getting back to you earlier. I just got to the site for the 3:30 call. Meant to ask whether ATSDR had worked out the travel restrictions? I would think that you would need to spend at least one night up here - even if we could move all apts to Thursday.

Joanna - is handling the scheduling so far and was gone when I got hear. I think she will be in tomorrow and I should be able to confirm whether the schedule I sent out on Friday has changed? Whether we can fit [Ex. 6 - Personal Privacy] in on Thursday? Also - are you going to follow-up with [Ex. 6 - Personal Privacy] or would you like Joanna to schedule her in for Thursday at 1:30pm?

I will also try to get contact info from PADEP for [Ex. 6 - Personal Privacy] and others that may have questions regarding the status of their results.

Thanks - Kelley

Hello Kelley,

Any updates regarding scheduling? If [Ex. 6 - Personal Privacy] is the only Friday visit maybe we can move him to late Thursday.

Also [Ex. 6 - Personal Privacy] said PADEP has given others their results but has not received hers. That's why she asked if "we" could check on it - at least get her a contact person.

Thanks

Karl

Hi Joanna -

Per our earlier discussion, I understand that you have scheduled 4 appointments for Thursday 3/23 and 1 for Friday 3/24 as follows:

Thursday

9am -
11am

Ex. 6 - Personal Privacy

4pm
6pm Ex. 6 - Personal Privacy

Friday

3pm Ex. 6 - Personal Privacy

Per Karl's e-mail (below) - it looks like we also need to set aside time on Thursday to meet with Ex. 6 - Personal Privacy Depending on Karl's availability - I recommend that we plan to meet with Ex. 6 - Personal Privacy at about 1:30 pm. I am not asking you to schedule this - I think Karl will handle that? However - assuming we only have on "team" I wanted to let you know so that we don't double book.... so please don't schedule any more apts for Thursday.

Thursday is looking like a long day, I am hopeful that EPA / ATSDR can work out the travel issues.

THANKS!

All,

I just got off the phone with Ex. 6 - Personal Privacy I think it went well and she feels better about the results. The take home message from me was "We have a 5 yr old at home and if these were my water results I wouldn't hesitate to use water for all household activities (bathing, drinking, cooking, ...).

We discussed chromium, trigger levels, "U" qualified data, nitrogen, bacteria, and PAH results. I told her I plan to meet with her next week to discuss further and look at the wellhead. I also told her I'm waiting for "approved" travel orders and EPA's resident meeting schedule to be finalized before setting a time with her. I promised I would make sure to meet with her after morning childcare duties and before school's out (probably between 9:00-2:30).

She also asked if I could check with DEP (and maybe Cabot) about the status of her results. Do you have any updates from DEP and/or contact information?

Sincerely,

Karl
